

**TO WHOMSOEVER IT MAY CONCERN**

Product Type: **Three phase Photovoltaic Grid Tie Inverter**

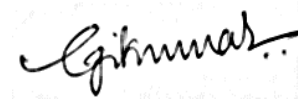

Models covered: **Conext CL 25000E and Conext CL 20000 E**

We hereby confirm that the above-mentioned Inverter Models do not use RoCoF or VS for loss of mains for UK 59/3 inverter settings. The RoCoF function has been deactivated. There is no adjustment possible to be made on the Inverters.

It is the owner's responsibility to confirm this.
