Inverter PowerRack & PowerSkid

Inverter PowerRack & PowerSkid – designed specifically for the Schneider Electric Conext™ CL

Inverter Racking, simplified:
Bentek has perfected the inverter PowerRack & PowerSkid for the Schneider Electric Conext CL inverter. The Bentek PowerRack & PowerSkid allows the Conext CL inverter and AC disconnects, cables and more to sit directly on flat commercial rooftops, within 10 feet of the PV arrays complying with NEC 690.12 rapid shutdown requirements. The Bentek PowerRack & PowerSkid is quick and easy to install, no holes to drill, no screws to tighten, just set it on the roof, it installs in seconds.

Adjustable PowerRack & PowerSkid

Standard Product Features

- Optional PE stamp drawings to insure full building code compliance
- Quick and easy to installation
- Installed directly on flat commercial rooftops
- No holes to drill into the rooftop
- Eye holes for easy lifting onto rooftops
- Adjustable PowerRack and PowerSkid allows for 10° to 15° angle setting on rooftop
- Adjustable settings are lockable
- Completely collapsible for reduced shipping costs
- Optional PowerShield protective cover
- 10 year warranty

Bentek PowerRack & PowerSkid Integrated Products

- Bentek Power AC Disconnects
- Bentek Power Cables and Connectors

ABOUT BENTEK

Founded in 1985, Bentek is an industry leader in engineered electromechanical and power distribution solutions for industrial applications. We design and manufacture products such as wiring harnesses, electrical combiner boxes, and custom OEM assemblies for the solar energy and semiconductor markets. Bentek is an ISO certified company.

The Bentek Power Advantage

Bentek Power products meet the rigorous demands of premier commercial and utility scale power plant designers and installers.

Bentek stands behind its products with the maintenance service and support needed to protect your investment.

Our products are NEC and UL complaint.
